

Pixium Vision makes available its 2016 Registration Document

Paris, France. 27 avril 2017 – Pixium Vision (FR0011950641 - PIX), a company developing innovative bionic vision systems to allow patients who have lost their sight to lead more independent lives, announced that its 2016 Registration Document has been registered by the Autorité des Marchés Financiers (AMF) on April 26, 2017. The Registration Document includes notably the annual financial report, the report prepared by the Chairman of the Board of Directors on corporate governance and internal control as well as the reports of the statutory auditors.

The 2016 Registration Document is available on the company's website (www.pixium-vision.com) and on the AMF website (www.amf-france.org).

The Registration Document is also available at the registered office of the company: 74 rue du Faubourg Saint Antoine, 75012 Paris.

ABOUT PIXIUM VISION

Pixium Vision's Mission is to create a world of bionic vision for those who have lost their sight, enabling them to regain partial visual perception and greater autonomy. Pixium Vision's bionic vision systems are associated with a surgical intervention as well as a rehabilitation period.

The company is developing two bionic retinal implant systems. IRIS®II, the company first bionic system, obtained CE mark in July 2016. In parallel, Pixium Vision has recently completed the pre-clinical study phases for PRIMA, a sub-retinal miniaturized wireless photovoltaic implant platform, and is planning to initiate first-in-human trials.

Pixium Vision collaborates closely with academic and research partners spanning across the prestigious Vision research institutions including the Institut de la Vision in Paris, the Hansen Experimental Physics Laboratory at Stanford University, and Moorfields Eye Hospital in London. The company is EN ISO 13485 certified.
